### **Weather at Covenant Cedars**

Our weather varies throughout the day with cool mornings and hot mid-days and afternoons. Weather also depends on the week your child attends camp. June evenings are cool, late July can be very humid and hot. Warmer clothes may be comfortable in the mornings or evenings while shorts, t-shirts might be good for an afternoon. Campers may change multiple times in one day. We do have occasional rain; an extra pair of shoes might be nice in case the first get soaked. Before you pack, check a weather website for the most up to date forecast. (Our zip code: 68846).

### **Clothing choices:**

Please do not bring your best clothes to camp, things may get dirty, stained, or lost. We want all our campers to feel comfortable while they are at camp. For that reason, we ask that campers and our staff dress modestly. If an item of clothing is too revealing, we will ask the camper to change. Our climbing tower/zip line requires closed toe shoes and longer shorts or pants.

### **What Not to Bring:**

In order to create a safe, fun environment and new opportunities for campers, there are several things campers cannot bring to Cedars. Campers are **NOT allowed to bring cell phones** or any electronic devices including media players, ipods/mp3 players, handheld electronic games, etc. **Campers will have one opportunity to turn in cell phones at the beginning of the week, any cell phones found later will be confiscated and may result in the camper being sent home.** Campers are also not allowed to bring pets, firearms, weapons of any kind, fireworks, tobacco, alcohol or drugs. If any electronic device is found, the staff member will confiscate it and return to parent at check out. Campers bringing weapons, drugs, etc. will be subject to immediate dismissal.

### **Snacks:**

Campers are served 3 meals a day, with each meal providing options to enjoy. Campers also have access to the Canteen (snack shop) each afternoon. We discourage campers from bringing other snacks. If you must bring snacks, it is required that they are in sealed containers.
